Saratoga Stadium to Celebrate Grand Re-Opening

Former NBA Superstar John Starks to Make Appearance for Final Four Showdown

Saratoga Springs, N.Y. – The Saratoga Stadium, formally the Stadium Café, has recently revealed a new menu and several updates to the popular downtown sports bar. Saratoga Hospitality, LLC, purchased the 200-seat property earlier this month and will celebrate with a grand re-opening event on Saturday, April 2 at 4 p.m.

The celebration will feature an appearance by former NBA superstar John Starks who rose to fame while playing for the New York Knicks in the 1990s. The event will also feature beer and pizza specials to enjoy while taking in the NCAA Final-Four Tournament Championship on the Saratoga Stadium's brand-new TVs.

With spins on classic pub fare, Chef Zach Cutler will be taking cues from the seasons on his revamped, ever-changing menu including new items such as Smoked Chicken Nachos, Garlic Parmigiano Wings and Lamb Sliders. In anticipation of the Saratoga Stadium re-opening, Chef Cutler traveled to Chicago to bring a piece of the Windy City back to the Spa City with his take on the deep-dish pizza. New beverage offerings will also include 25 rotating seasonal beers on tap as well as an updated selection of bourbons.

“The updated menu has been receiving a great response and we are excited to continue to bring our passion for quality, seasonal ingredients now to diners at the Saratoga Stadium,” said Zach Cutler, corporate executive chef.

This is the third downtown Saratoga Springs restaurant to be operated by Saratoga Hospitality, LLC who took over Max London's and Mrs. London's in September of 2014. Saratoga Hospitality closed the Saratoga Stadium earlier this month so that substantial repairs could be made to the kitchen as well as updates to the facade. The sports bar will undergo additional renovations to the dining area and restrooms throughout the year.
